Latham Standard of Quality

Latham liners are designed and manufactured using the most advanced technology in the industry. Our skilled and knowledgeable designers and machine operators take pride in every liner they make. As a result, you get the highest quality, best fitting liner money can buy. Our quality control is so tight, few defects get by and we back every liner with one of the best warranties in the industry. It's why more dealers specify our liners than any other manufacturer!

- Largest inground liner manufacturer in North America.
- Wide selection of designer patterns.
- Exclusive designs.

- Highest quality vinyl materials.
- State-of-the-art computer driven technology.
- Over 60 years of experience.
- Backed by one of the best warranties in the industry.
- Great for replacement liners.
- Ultra-Seam is standard on every liner.

Courtstone/Natural Grey

Featuring

The strongest seams you'll NEVER see!

Standard on all Latham liners.

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative **ULTRA SEAM** technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

ULTRA SEAM technology is standard on every Latham Liner.

For more information, ask your dealer!

Here's what your neighbors are saying about their new Ultra-Seam® liner.

"We've been pool owners for over twenty years and we were amazed that we couldn't see the seams! Our grandchildren came over and actually thought we got a brand new pool. Even after walking out to the pool all summer I still can't get over the fact of how perfect the liner fits and flawless it looks. Why would anyone want to go back to the old way, it makes no sense."

Gail Guertin, Pool Owner

"I've had a pool over 12 years. I've had other liners and you could always see the seams, especially when there was dirt in the pool. I'm so thrilled with the Ultra-Seam liner. We've had multiple people remark how awesome it looks. You can't see the seams at all, even when there's dirt in the pool. In fact, you don't see the dirt at all. It looks fantastic, especially at night when you put the lights on. I'm impressed!"

Tim Moseman, Pool Owner

"Oh my gosh you can't even see the lines, how did they do that? It's amazing the difference. Our old liner had so many lines across the floor and now they are virtually invisible."

Nan and Dick, Pool Owners

Coordinating Vinyl Liners, Steps, and Spas

What better way to coordinate your poolscape than by matching your liner pattern with the colour of your step or spa!

Latham offers beautiful patterns to perfectly match our large variety of GREY and BLUE granite steps and spas. Ask your dealer for a step and spa brochure to view all of Lathams' options.

Built-In Beautiful Vinyl Over Steps System

Look how easy it is to add PIZZAZZ to any existing pool. Our Vinyl Over Steps system can be used in any type of vinyl lined pool – polymer wall, steel wall, concrete, or fibreglass.

Consider our Vinyl Over Steps system for a beautiful uninterrupted liner pattern across your pool, and to build steps customized to your design specifications. Ask your dealer for details.

COVERSTAR®

Latham Safety Covers

*Latham Pools Safety Covers –
 The right safety cover to fit your needs.*

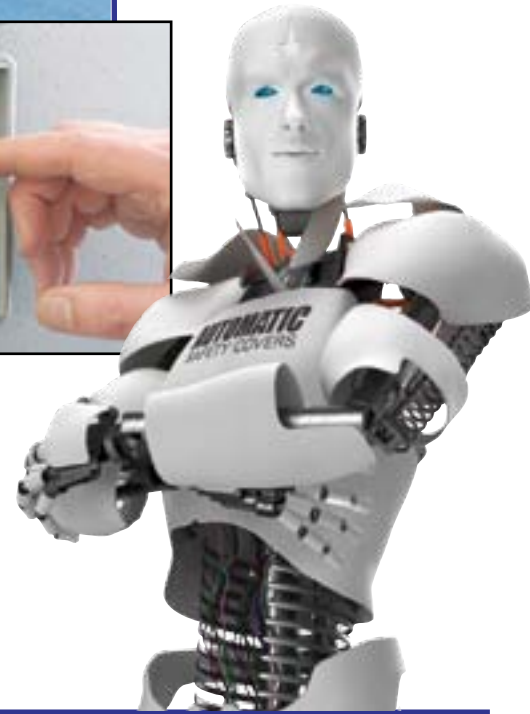

Latham Pool Products offers mesh covers for maximum drainage and solid covers that block 100% of sunlight – in a variety of material weights and colours. All can be custom designed to fit any size or shape pool precisely, including any special features such as raised walls, diving boards, stairs, and rails.

Shown with our Exclusive 9000MX™ Safety Cover

Automatic Safety Covers

*For the highest quality automatic safety cover, you can trust your
 Latham Pools Builder...choose the Coverstar Automatic Safety Cover!*

*Automatically Cover Your Pool –
 At the Touch of a Button!*

*Think about your garage door. You press a button; it opens.
 You press the button again; it closes.
 What if covering and uncovering your pool was that simple?*

It can be, with a Coverstar® Automatic Pool Cover. A backyard swimming pool is the ultimate source of family fun! But when it comes to children and pets, it is also the source of safety concerns. No parent can be watching over the pool every minute. No fence or alarm can prevent a child from getting access to an unsupervised pool. A Coverstar Automatic Safety Pool Cover can!

Simply flip a switch, and your Coverstar Automatic Safety Cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Coverstar is the best protection available for your family and your pool investment!

Talk to your dealer about how Latham has got you covered...automatically.

CUSTOM EXTREME CANTILEVER ROCK DECK WITH AUTO COVER

9000MX™ Self-Draining Mesh

The 9000MX is engineered for a new level of protection. Built with reinforced mesh, box stitched thread at critical webbing joints and equipped with heavy-duty suspension, this cover is designed to exceed expectations and is appropriate for demanding applications.

9000MX™ Exclusive Design

7000MS™ Self-Draining Mesh

A light-weight, ultra-fine weave mesh blocks 99% of sunlight and filters fine dirt particles down to 40 microns. Rain and melting snow simple drain through the mesh. Excellent all-climate performance in a low maintenance, easy care cover.

7000MS™ BLUE

7000MS™ GREEN

7000MS™ GREY

7000MS™ TAN

5000M™ Self-Draining Mesh

This durable micro weave fabric has the highest abrasion resistance and tear strength in its class. It filters debris and dirt while allowing water to freely drain through the mesh. A good choice for a combination of protection and value.

5000M™ BLUE

5000M™ GREEN

5000M™ GREY

5000M™ TAN

1000V™ Solid Vinyl

Our solid polyester vinyl cover is a complete barrier to sunlight, dirt, debris, and water. Heavy-duty construction provides protection from the elements and prevents algae growth, which helps for faster spring pool openings.

1000V™ BLUE

1000V™ GREEN

1000V™ GREY

1000V™ TAN

500P™ Lite Duty Solid Vinyl

Our lite weight 7 oz. solid polyester vinyl cover will provide a 100% barrier from the sun. The light weight material is easy to handle, and is UV and mildew resistant.

Available in blue and green.

500P™ BLUE

500P™ GREEN

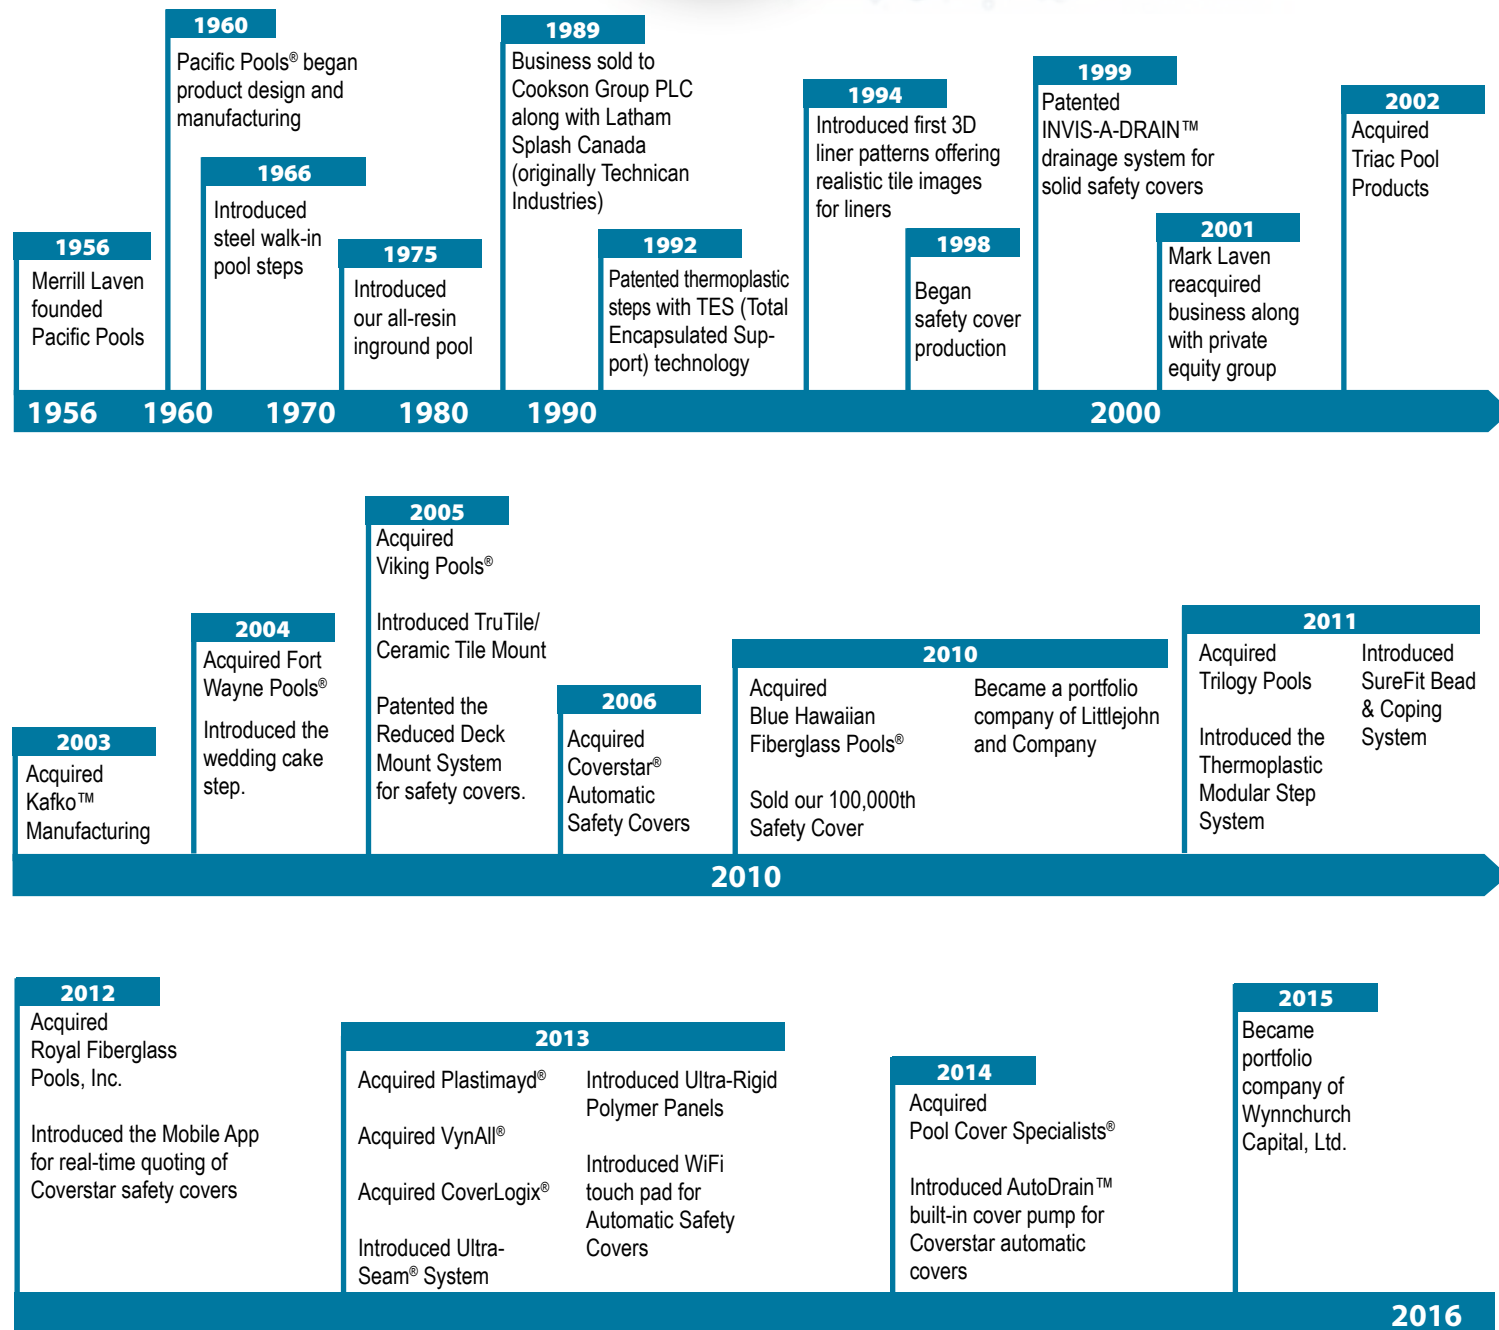

*9000MX and 7000MS Mesh U.S. Patent No. 6,886,187 – 99% Shade

Properly winterizing your pool in conjunction with a Latham safety cover will provide maximum protection against algae growth. With 91% sunblock, the 5000M, may be less effective in minimizing algae growth in certain installations.

A timeline of key events in our history:

Be Smart, Play it Safe

Safety Information

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all time;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP/ICC standards, as well as state and local statutes and codes. Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner-Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.
