

# Tequila Pigs Instructions

## Introduction

Gather some friends and place a round of drinks in the center of the table. The owner of the pigs starts the game by calling the round as “High” or “Low” then rolls the pigs like dice and adds up the values of the pigs. If the round is called “High”, then players try to obtain the highest score during that round. If the round is called “Low”, then players try to obtain the lowest score during that round.
