MEASURE INSTRUCTIONS

STEP DIMENSIONS
Double check Depth, Width, and Shape

A/B POINTS & DISTANCES
Free Form Covers - include:
• Distance between A/B points
• Pool Sketch showing A/B line, pool direction, and all obstructions
• Replacement covers - measure to anchors and pool from same A/B
   line or see our program to send existing cover back as template "button"

CORNERS
Indicate pool corners as Square, Diagonal, or Radius. Include dimensions
in inches. Guides are available to help determine sizes.

GRECIAN COVERS
Provide dimensions for all sides of the pool. Measure to the point of the
pool corner, not a radius coping.

DECK TYPE & STYLE
• Confirm at least 3' of deck; decks less than 3' can use the reduced
   deck mount system
• Indicate Deck type, Anchor, and if padding is required

OBSTRUCTIONS
• Indicate all non-removable obstructions within 3' of the pool
• Provide photos of all obstructions
